📝 Wow! I have so many thoughts right off the bat. Hecuba is extremely resilient, Andromache is broken, and Cassandra is surprisingly cheerful- these women are delving straight into the complexities of their characters. #CharacterJourneys #EmotionalDepth #TheaterReflections

🎨 I am mesmerized by the set design and costumes that breathe life into ancient Troy. Every detail from the blotchy floors to the specific props that whisper stories of a community edging destruction. #ArtisticExpression #SetDesign #CostumeCraft
